Support for the Challenge to the Constitutionality of the EdChoice Voucher Scheme Continues to Grow

Six of the “Big Eight” school districts have joined the EdChoice voucher litigation. Districts of all types—rural, midsize cities, small cities, suburban, JVS and ESC—are joining the effort. During the first months of the fiscal year 2022-2023, 114 districts have already paid dues for this year.

An all-star Steering Committee of the Coalition/VHO initiative is working with the prestigious law firm of Walter|Haverfield to challenge EdChoice. Success in this effort is forthcoming.

If your district is not a part of the effort, you may wish to find out why.
