Jan Resseger Weighs-In on How Gerrymandering Affects Public Schools

The typical Ohioan has serious concerns about the way politicians have thwarted the will of the people in the re-districting fiasco. The horrific mischief inherent in the multiple lopsided partisan manipulations disgraced the Statehouse. Jan Resseger shows how such lust for power adversely affects public education.

Could it be that a voucher-addicted state senator controlled the redistricting process so as to be lining up support for the speakership when he is term-limited in the Senate and goes back to the House?
