Beware of the Activism of the Americans for Prosperity Group

Americans for Prosperity, founded in 2004, is a libertarian conservative political advocacy group. One of the initiatives of the group is to promote the privatization of public education.

According to the Americans for Prosperity website, the group is asking Ohio members to:

“Call your school board president and ask him or her to TAKE BACK THEIR SUPPORT FOR THE LAWSUIT.

We ask that you pass a resolution stating:

"Our school district is NOT taking a stand in the anti-parents' rights lawsuit and we ask that the 'Vouchers Hurt Ohio' coalition remove our school district from their website and all other materials. We do NOT support the lawsuit against Ohioans in this matter.'"

Remember that Americans for Prosperity's national goal is to eliminate public education as it operates today.
