

**Testimony in opposition to SB1—Governor Takeover of State Board of Education Bill—presented to the Senate Education Committee on February 21.**

The Senate Education Committee heard SB1 testimony on February 21. Typically there were only 4 of the 7 committee members present at any one time. Some members of the committee seemed to be annoyed by opponent testimony.

Since the committee limited each testimony to only 5 minutes, I am attaching my testimony in opposition to SB1.
