

CC3576 7.25.23 Tuesday

EdChoice vouchers are unconstitutional because religious sects via vouchers control school funds.

Vouchers are funded from the state budget line-item appropriations assigned to education; hence, vouchers are unconstitutional. It is clear that the Ohio General Assembly as it is currently constituted has no depth of respect for the Constitution of Ohio. Legislative district lines, unconstitutional school funding for 26 years and counting, and vouchers are a few examples.
