Ohio Senate launches an online newsroom titled: On the Record—The Views the News Excludes.

Senate GOP has initiated its own media according to a September 26 article in [Cleveland.com](https://www.cleveland.com). The Ohio Senate President seems to want to control what folks read regarding what happens in the Statehouse. Totalitarian leaders control what information is available to the folks. Freedom of the press protects the right to obtain public information and opinions without government censorship or fear of punishment. Since the Ohio Senate cannot control the press, some members of the Senate GOP have initiated their own media operation.
