

### **League of Women Voters of Ohio: Fair School Funding vs Vouchers February 12 Webinar**

There appears to be widespread interest in the February 12 Webinar. The webinar was well attended on February 12. Some folks have reached out to the Coalition office to secure a recording and the slides; hence, it seems appropriate to make it available as broadly as possible.

The information the League of Women Voters provided follows:

[Here](#) is the recording of the event, and [here](#) are the accompanying slides.

We also have several actions you can take to support fair school funding in Ohio:

- Thank Governor DeWine for keeping our fair funding in his budget and let the leaders of the Ohio General Assembly know that you support Governor DeWine's decision to fully fund Ohio's Fair School Funding Plan: take action [here](#)
- Tell your elected representatives that you stand with public education and urge them to fully fund Ohio's public schools: take action [here](#).

Huge thanks to our speakers, John Patterson, former member of the Ohio House and co-author of the school funding plan, Dennis Willard, communications director for Vouchers Hurt Ohio, and Nneka Slade Jackson, president of the Richmond Heights Board of Education. Thank you, too, to Susie Kaeser, LWVO Issue Specialist, for moderating and Karen Leith, LWVO Advocacy Chair, for organizing.

The future of Ohio's public schools depends on us— keep showing up!
