

More from Steve Dyer regarding his March 17, [10th Period](#)

As a sequel to the March 17 [10th Period](#), Steve wrote:

“Crazy new data on how bad voucher student performance deteriorates the longer their parents take the vouchers. Basically, over 3 years, kids go from the public school equivalent of top 25% in proficiency to bottom 20%.” Click [here](#).

Why are state officials determined to wipe out the public common school system and at the same time dumb down education in Ohio?
