

Coalition will have an information booth at the Ohio State Fair, July 29-August 9.

The Ohio Coalition for Equity and Adequacy of School Funding has staffed an information booth at the Ohio State Fair for several years. The booth is staffed by Steering Committee members, Public Education Partners (PEP) board of directors; and occasionally by some public education advocates not involved in PEP or the Steering Committee.

Fairgoers: Please stop at the booth (4008) in the Marketplace Building.
